VOLUME 16, NO. 24

Candidates Get In Line For City Election

MARCH 10 DATE OF ELECTION

Nominating Petitions Must be Filed Within a Few Days to Qualify For the Big Race

Five trustees are to be elected at the city election this year. The date is the second Monday in April, falling on the 10th.

This is the first time since the city was first incorporated that the entire board of trustees retired at one time. Trustees Mitchell, Webster and Alley have served out the term for which they were elected. Trustees Kari-cofe and Richards were appointed to fill vacancies created by resignations. In such cases the places must be filled at the next succeeding election.

Will Accept

It is understood that all five members of the board have agreed to stand for re-election. The only other candidate who has appeared so far is Earl Topping whose nominating petition has already been filed with City Clerk Dietz. Next Tuesday will be the last day for filing nominating papers. If there are other ambitious candidates they will have to get busy. City Clerk Dietz and City Treasurer C. J. Pegler hold over two more years. They were elected two years ago and under the law as it now stands those officers enjoy a four year term.

School Trustee Wanted

Who will allow his or her name to be presented to the voters of Sierra Madre School District as a candidate for school trustee? That is the question which is puzzling a good many people.

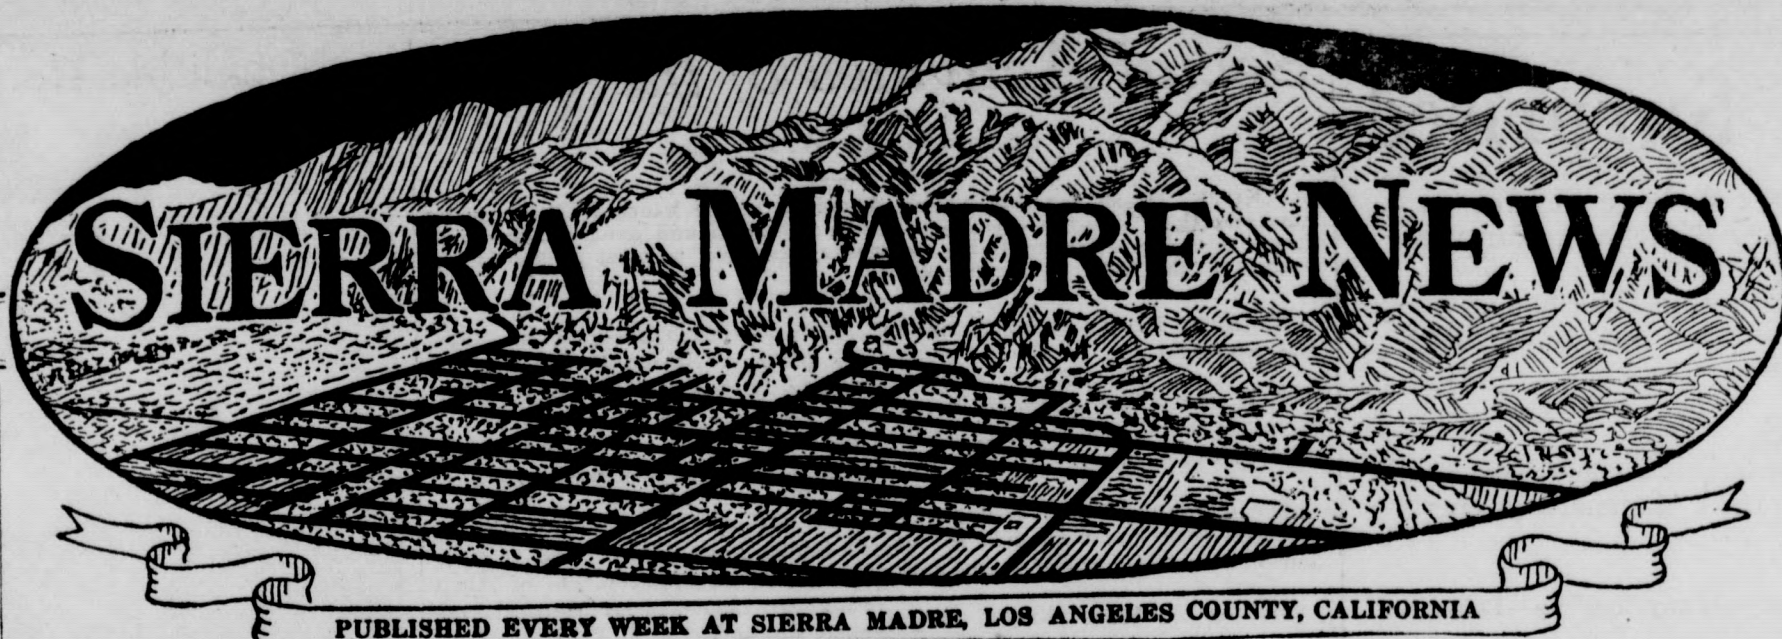

Mrs. H. C. Parker, whose term expires this year, positively refuses to allow her name to be used; to the great regret of her many friends who feel that she has made a splendid record. Mrs. J. N. Hawks, clerk of the board, and Mr. George S. Anderson, the other member, have been trying to find some one capable and willing to share the responsibility.

If the voters authorize the bond issue for the proposed additions to the school building, the board will have the responsibility of carrying out those plans. For that reason it was hoped that some man with building experience, or at least with sound business ability, might be secured. The universal plea of those approached, according to Mrs. Hawks, is that they are too busy. Some fear the "rewards" of the thankless job, thinking they can expect nothing but criticism and complaint.

It is to be hoped the opportunity for large public service will appeal to some one who will be able to measure up to the job.

COMPOSER LOCATES HERE

Mr. Robert Harkness, pianist and composer of sacred music, has located in Sierra Madre and is residing at 41 South Baldwin. As the associate of Dr. R. A. Torrey, the late Dr. J. Wilbur Chapman, and Charles W. Alexander, Mr. Harkness has made four trips around the world. His songs are sung in every civilized land. As an exponent of sacred song accompaniment, Mr. Harkness has achieved international fame. He is one of the world's foremost composers of sacred music. Among his many compositions are "Shadows," "He Will Hold Me Fast," and "No Burdens Yonder." At the request of several local residents, Mr. Harkness is devoting a limited period of each week to piano tuition.

FRIDAY, MARCH 17, 1922

Four Applicants In Examination For Postmaster

AND THE SUSPENSE CONTINUES

Civil Service Examination Is Held At Federal Building In Pasadena

Four candidates for the appointment as postmaster of Sierra Madre took the examination before the civil service commission at the Federal Building in Pasadena last Saturday forenoon. They are Mrs. J. H. Wright, and Messrs. E. H. Carpenter, Robert E. Steinberger and Frank E. Cox.

The entry of Mr. Cox in the field was a surprise, as he had not even been "among those mentioned." While not expressing any high anticipations, he held the opinion that you never can tell where lightning and some other things will strike—politics for instance.

The examination papers are forwarded to Washington, and the three receiving the highest grades are certified to the post office department. When the individual to be appointed is selected by the department, the name is sent to the senate for confirmation. After that the appointee must file a bond which must be approved before his commission is issued, authorizing him to take charge of the post office.

All the red tape takes more time than is to the liking of Postmaster Morgridge who is anxious to be relieved of the responsibility of the office. None of the candidates is any more anxious than he to have the matter settled and the transfer made. TokaM sdgany- tao now is the dttad

MASONIC LODGE

WILL GIVE BALL

Invitations have been issued for a ball to be given by the members of Sierra Madre Lodge No. 408, F. & A. M., on Saturday evening, April 1. While the ball is planned as a formal affair, advantage will be taken of the date to introduce a number of novelties into the evening's entertainment. It is said there will be no April fool idea involved in the assurance of a good time.

ATHLETIC FUND IS

AIDED BY CONCERT

More than \$50.00 was added to the public school athletic fund by the proceeds of the concert given Wednesday afternoon and evening by the Western Jubilee Singers. The children sold 170 tickets, which, on the sliding scale agreed upon, allowed them a fifty-fifty division with the performers. The manager said very few schools were able to qualify for the equal division of proceeds. After paying rent and other expenses, Mr. Reynolds thinks the net amount will be very close to \$60, which will be used for the athletic fund and for various school events to be held this spring. The colored singers gave very pleasing programs, which elicited frequent applause from their hearers.

P. T. A. MEETING POSTPONED

The Parent-Teachers Association met on Wednesday and adjourned until Wednesday next week, March 22, at 3 P. M. Mrs. Nina Carson, state nurse for Southern California, who was to have addressed the meeting, will be present on that occasion.

BUILDING ACTIVITY IN THE NORTHWEST

Jack Newton has commenced the erection of two bungalows at the southeast corner of Lima and Grand View, adjoining the new home of H. A. N. Addis. The three cottages erected by Dr. F. P. Miller on the north side of the street have been completed, and the new hollow tile bungalow of J. T. Railsback Jr., at the corner of Adams and Grand View will soon be completed. The improvements mean a substantial increase in the population of that portion of town.

COMMUNITY DINNER TUESDAY EVENING

Arrangements are completed for the community dinner which will be given at the woman's Club House Tuesday evening under the auspices of the Chamber of Commerce. The dinner, which will be served by the ladies of the woman's club, will begin promptly at 6:30 o'clock. Mayor Robert Mitchell will act as toast master and master of ceremonies.

There will be a short review of the work accomplished by the Chamber of Commerce during the last few months and projects now under way, by members of the various committees. The main speaker of the evening will be Mr. Leslie B. Henry, well known war worker and financier, of Pasadena. Mr. Henry will give an address on business conditions in America.

Reservations may be made by phoning the secretary's office or Mrs. J. H. Wright, chairman of the Luncheon and Dinner committee. As a courtesy to the ladies who are preparing the dinner, it is urged that reservations be made as early as possible. The dinner is not confined to men or to members of the Chamber of Commerce. Everyone interested in community progress is invited.

MAYBE IT WAS MERE CO-INCIDENCE

"I don't suppose the ad had a thing to do with it," says Milton Steinberger. "But you know last week we hardly had a thing to do in the shop. Then we put in that ad calling attention to our machine shop facilities. Ever since then we have been so darn busy we could hardly keep up with the work. This week I guess we'd better tell 'em about our battery service." And so it goes. Evidence keeps piling up that people do read the ads and that they pay attention to what they read.

MADAME INWOOD GOES TO BERMUDA

Madame Nellie Inwood left last week for New York, whence she will sail for Bermuda. She has accepted charge of the school of music in the Bermuda high school. She will teach singing, piano and theory, conducting the work on the Royal Academy of Music system. The Rev. Norman Inwood hopes to follow about Eastertide. They will rent their pretty bungalow on East Grand View until their return to Sierra Madre in 1923. Madame Inwood's contract is for eighteen months and they consider Sierra Madre as their home.

School Jumps In League Race

Sierra Madre Now Second In The Grammar School Base Ball League

Two victories this week have boosted the Sierra Madre team from fourth to second place in the grammar school base ball league which includes Arcadia, Monrovia and Duarte. Consequently the Sierra Madre pupils are jubilant. The team has won three out of five games played.

It took sixteen innings Monday afternoon to decide the game between Sierra Madre and Wild Rose Avenue School at Monrovia. The final score was 5 to 4 in favor of Sierra Madre.

Arcadia came to Sierra Madre on Tuesday and was defeated by a score of 4 to 3. The next game will be played in Monrovia next Tuesday afternoon at the Charlotte Avenue School.

A pennant is to be awarded the team standing highest at the close of the league schedule. After next Tuesday's game the remainder of the schedule will be played on the home grounds.

SHERWOOD CONSERVATORY BRANCH ESTABLISHED

Sierra Madre is to have an accredited branch of the famous Sherwood Music School of Chicago. It is to be under the direction of Mrs. Cecil M. Deist at her residence, 129 West Montecito Avenue.

The Sherwood Music School of Chicago was founded twenty-seven years ago by William H. Sherwood, "America's Greatest Pianist," and is said to have graduated more successful concert pianists and teachers than any other music school in America. Several years ago this famous school established an Extension Department to "extend" the opportunity for metropolitan conservatory training to music students who find it inconvenient to leave home to obtain it.

After considerable investigation the school selected Mrs. Deist as head of this branch, on account of her very thorough musical training. She studied at South Western College Conservatory in Winfield, Kansas and two years under Harmon H. Watt and Elenor F. Godfrey at Chicago Piano College, and holds the degree of Bachelor of Music.

Mrs. Deist taught public school music for one year at Oxford, Kansas and returned to South Western College at Winfield, Kansas, and taught for four years—was head of the Piano Department the last two years there. She also had private classes at Belle Plaine and Oxford, Kansas and has graced many musicals as concert pianist.

The regular conservatory course has been put into printed form, which, when studied under the Affiliated Teachers in the various branches of the Extension Department, leads to the Teacher's Certificate and Diploma. This plan standardizes music teaching, and solves the problem of how to give high school credits to Music pupils.

Fine Numbers Heard by Club

Monthly Dinner and Program of the Men's Community Club Is Pleasing

Of outstanding quality was the entertainment program presented at the monthly meeting of the Men's Community Club last night in the Congregational Church. William Cover, heralded as a mystery number, provided more mystery with a number of clever stunts of "Magic." He performed with a dexterity and poise worthy of an adult of many years of experience, his age and size only adding to the delight of the audience.

Musical numbers by Mrs. Cecil M. Deist and Mr. Curtis Goodenow, two artists who have been too little heard in Sierra Madre. Mrs. Deist plays with a touch which is a delightful combination of delicacy and firmness, and her interpretations won her audience completely. Male singers have been exceedingly scarce in Sierra Madre, consequently Mr. Goodenow's splendid baritone voice and pleasing renditions were also received with enthusiasm. His accompaniments were played by Mrs. George B. Morgridge.

Few professional lecturers have had such opportunities for travel and observation as Mr. E. J. Webster, or have gathered such an abundance of material from all quarters of the earth. His stereopticon pictures, mostly taken by himself were beautiful. Each of the numerous views was accompanied with a wealth of comment and reminiscence, delivered at times with splendid oratorical effect.

The dinner preceding the program was served by a committee of the Ladies Aid under the chairmanship of Mrs. C. W. Jones and was of tip-top quality. Mr. Anderson, newly elected president of the club, spoke appreciatively of the honor conferred upon him and of the plans for the future.

FIREMEN'S DANCE IN NEW GARAGE

To christen the new Central Garage Building now being completed by Mr. Belohlavek, and incidentally to raise funds for the Firemen's Club, a dance will be held in the building next Wednesday evening, March 22.

President Topping has appointed committee chairmen to make arrangements as follows: Roland A. Adams, general chairman; W. D. Richards, music; Tom Henderson, refreshments; W. E. McCrary, seating; L. Dietz, tickets.

General Chairman Adams is authority for the information that music will be furnished by a wild colored jazz orchestra—or a colored wild jazz orchestra. The cement floor of the garage will be given a treatment to make dancing easy. The price of \$1.00 a couple includes war tax.

SAYS NEWS ADS SELL THE TIRES

"Those ads you have been running for me have certainly been selling McClaren tires," said Norman Morrison when the News man called the other day. Ever since he began to advertise them, the McClaren cords have been moving at a fine rate. The selling process is a simple one—get something people really want and need—and use printer's ink. To tell them where to get it.

HIGH HONOR GIVEN

MISS BUSH'S MINIATURE

High honor was accorded the work of Miss Ella Shepard Bush at the exhibition of the California Society of Miniature Painters which closed yesterday in Los Angeles. When ballots were counted from the popular vote on the best work shown, it was found first place was given her picture entitled "The Hostess." The prize was a jeweled pendant and chain donated by May Mott Smith. Honorable mention was given Laura M. D. Mitchell of Alhambra, and third to Martha Wheeled Baxter.

PRIZE CONTEST FOR HUMANE EDUCATION

Miss Verna Kercheval of Grove Street calls attention to the following notice of a prize contest to be conducted in connection with "Be Kind to Animals Week," the last of April:

The American Humane Education Society offers four cash prizes, amounting to \$25, and ten additional prizes, branch memberships in the American Humane Education Society, including one year's subscription to Our Dumb Animals, to the children under fifteen years of age who find the largest number of words in the slogan BE KIND TO ANIMALS. Proper names, such as states, cities, etc., provided they contain only the letters in the slogan, may be included.

The prizes are as follows: First prize, \$10, cash; second prize, \$7.50, cash; third prize, \$5, cash; fourth prize, \$2.50, cash; ten additional prizes, each one year's subscription to Our Dumb Animals.

All words must be numbered and written in columns, on one side of the paper only. The motto may be used as the first four words as follows:

1. Be 2. Kind 3. To 4. Animals 5. Kin 6. In 7. Din 8. Best

All contestants must mark their envelopes plainly and mail them so they reach the office of the American Humane Education Society not later than May 31, 1922, addressing the envelopes to—

"Be Kind to Animals Word Contest, 180 Longwood Avenue, Boston, Mass."

Pupils of the Congregational Sunday School are earning money with which to pay for a new piano, so each department will have an instrument. The picture show given last week netted \$46 and the girls of Mrs. Farndale's class earned about \$5 by a candy sale last night, bringing the total over \$125 to date.

Social Activities of the Week

Reported by Mrs. W. R. Lees

NOTE: Items for this column should be in the hands of the reporter not later than Tuesday evening to insure insertion and avoid inaccuracies. Items turned in after ten-thirty Wednesday morning will not appear in the current week's issue. Phone Green 79.

Mr. Harry Dewing is now located in Los Angeles.

C. D. Pettis and daughter, Mrs. J. L. Requa, have been spending several days at Coronado.

The home of Mrs. J. J. Rapin at 210 Mariposa has been sold to Mr. and Mrs. O. McDonald of Ocean Park.

Visiting the Misses Krafft for a few days this week was Miss Claribel Constant of Azusa.

Mr. and Mrs. Edward Melvin and son, Bruce, left Sunday by machine for a week's trip to Fresno and intermediate points.

Miss Mary Romney who has made an extended stay with her sister, Mrs. T. H. Flather, left Sunday morning to return to her home in Salt Lake.

Mrs. A. L. Jameson of West Highland Avenue entertained Tuesday, informally for luncheon, several out-of-town guests and Miss Elsa Krafft of this place.

Mrs. William S. Barton of New York City arrived here last Sunday to visit her parents, Mr. and Mrs. R. B. Wallace, for an indefinite length of time.

Mrs. Harold Yerxa and sister, Miss Elsie Mueller, left last Thursday for Cincinnati to visit their mother, Mrs. Amelia Mueller. They expect to remain about a month.

On Saturday, March 11th, Lucile Wallace entertained at the home of Mrs. George P. Barton of Altadena, with a luncheon for fourteen of her sisters of the Alpha sorority of Occidental college.

Mr. and Mrs. C. H. Cotterman, who have been stopping at the home of Mrs. Cotterman's brother, Albert Wheeling on East Central Avenue for the past six months left Sunday for their home in Ranklin, Penn. They expect to return later and locate here.

Mrs. Matilda Timberlake has sold her place to Harold F. Roberts and expects to move to Los Angeles. The Roberts' have been residents of this place for about a year and have decided to remain permanently.

Mr. and Mrs. Robert Bruce Wallace of Santa Anita Court have recently announced the engagement of their daughter, Lucile, to Mr. Herbert Popenoe, son of Mr. F. O. Popenoe of Altadena. The wedding will take place on the twenty-eighth of this month.

Mr. and Mrs. Chester Andrews of Fresno have been spending a few days with the former's brother, W. S. Andrews. Mr. and Mrs. Andrews are old time residents of this place having been at one time owners of Arbolita Ranch, now known as the Bassett and Washburn nursery.

Mrs. Walter E. Anderson entertained Mr. and Mrs. Emil Bersbach and Mr. Oscar Bersbach of Chicago last Friday at her home on North Auburn Avenue. They have been touring California, and Mr. and Mrs. Bersbach have decided to locate in the Wilshire district permanently.

Mr. and Mrs. Homer Tourjee of Los Angeles have recently purchased the property of Berry McKelvey of Los Angeles, at 57 W. Grand View Avenue, and will occupy it themselves. Mr. Tourjee is manager of the Los Angeles Music Publishing Company.

Mrs. H. W. Topping entertained last Thursday afternoon from three to five with a reception at her home on West Central Avenue. The affair was given in honor of Mrs. L. V. Nelson, her daughter, Miss Sybil Nelson and Miss Miller who have recently come here to live. The rooms were prettily decorated with yellow jonquils and acacia. Assisting the hostess in receiving were Mrs. W. J. Lawless, Mrs. E. A. Hoffman, Mrs. F. J. Hart, Mrs. Emeline Clark and Miss Elizabeth Lee.

"SIERRA MADRE!"

(By Jack Mitchell)

Flame-cheeked at the ardent Sun's advance,
The maiden, Dawn, looks down
And sees a jeweled city of Romance;
Flowers, orchards, vineyards, that enhance
The gold-gleam of a crown.

A crown? Because God kissed her with His smile
And sealed a Heritage;
Because majestic mountains, mile on mile,
Rear Monarch heads, royal-tinted to beguile
A queenly entourage.

Romance? Because her lovers are mere men
And of the common fry,
Who, passing her, must pause to look again,
And be raised to kingly heights—and then
Serve her 'till they die!

Megalithic Ruins Found in Malta

Excavations of great historical value are now being carried on at Malta under the direction of Prof. T. Zammit, C. M. C., M. D., curator of the Malta museum. The photograph shows Hagiar Kim, an extensive Megalithic ruin of prehistoric temples to the west of the village Crendi.

True Gentleness.

True gentleness is founded on a sense of what we owe to him who made us, and to the common nature which we all share. It arises from reflection on our own failings and wants, and from just views of the condition and duty of men. It is native feeling heightened and improved by principle.—Blair.

If the Sun Were Extinguished.

If the sun were extinguished suddenly we should not be aware of the fact until eight minutes eighteen seconds afterward, this being the time it would take for the last rays to reach us after they had left our luminary.

Punch First Made in East India.

Punch, it is said, came from the East Indies, and the name is claimed to be derived from the Sanskrit word meaning "five," on account of its five ingredients—rum, tea, sugar, lemon and hot water.

"Given the Sack."

In olden days mechanics used to carry their tools in a sack, so that when they were discharged they were first given the sack and told to go elsewhere. Hence has sprung the English phrase "to sack," meaning to discharge, or, as we would put it, "to fire."

NOTICE OF SCHOOL

BOND ELECTION

NOTICE IS HEREBY GIVEN to the qualified electors of Sierra Madre City School District of Los Angeles County, California, that, in accordance with the provisions of the Political Code of the State of California, an election will be held on the 4th day of April, 1922, at the Sierra Madre School House in this School District, between the hours of 8 a. m. and 6 p. m. (during which period and between which hours the polls shall remain open), at which election the question of issuing and selling bonds of said district to the amount of TWENTY THOUSAND DOLLARS for the purpose of raising money for making alterations or additions to any school building of buildings shall be submitted to the qualified electors of said District and be voted upon.

The said bonds proposed to be issued and sold shall be of the denomination of One Thousand Dollars each and shall bear interest at the rate of five and one-half per cent per annum, payable semi-annually, and shall be numbered from 1 to 20 consecutively, payable as follows:

Bond No. 1, to run 1 year,
Bond No. 2, to run 2 years.
Bond No. 3, to run 3 years.

Bond No. 4, to run 4 years.
Bond No. 5, to run 5 years.
Bond No. 6, to run 6 years.
Bond No. 7, to run 7 years.
Bond No. 8, to run 8 years.
Bond No. 9, to run 9 years.
Bond No. 10, to run 10 years.
Bond No. 11, to run 11 years.
Bond No. 12, to run 12 years.
Bond No. 13, to run 13 years.
Bond No. 14, to run 14 years.
Bond No. 15, to run 15 years.
Bond No. 16, to run 16 years.
Bond No. 17, to run 17 years.
Bond No. 18, to run 18 years.
Bond No. 19, to run 19 years.
Bond No. 20, to run 20 years.

The following named persons, being competent and qualified electors of this School District, are hereby appointed officers of election to conduct said election, to-wit: Rose W. Snell, as Inspector, and Lilian W. Young and Marie C. Lord, as Judges; and said Inspector and Judges shall make return of said election, pursuant to law.

IN WITNESS WHEREOF we have hereunto set our hands this 10th day of March, 1922.

BLANCHE M. PARKER,
GEORGE S. ANDERSON
ETHEL H. HAWKS.

Christian Science Society of Sierra Madre

announces a free lecture on the subject

of
CHRISTIAN SCIENCE

By

JOHN W. DOORLY, C. S. B.
of London, England

Member of The Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

To be delivered in the Woman's Club House
Saturday evening, March 18, 1922 at 8 o'clock

The public is cordially invited to be present

Roofing

Sierra Madre Hardware Co.

His Examination Concluded.

A Scotch farmer was giving his testimony in favor of a certain bill. "Is it true," said the opposing attorney, "that you told Mr. Blank you were willing to give your evidence on the other side if they would pay you better?" "Aye," replied the farmer—then, after a pause, "and let me put the same question to you—if ye had been offered a bigger fee wad ye no have been on the ither side yerself?"—Boston Transcript.

If It Could Be Done.

It is not the man who can turn off nature's tap who is wanted, but the man who can turn it on. Too much rain is preferable to too little or none at all. An invention for producing rain when and where required would mean fabulous wealth to the world. It would create new empires in the Sahara and the vast salt wastes of western America, and it would make the center of Australia as fertile as Tasmania.

Dusuns Have Women Priests.

Women priests dominate the Dusuns, a curious tribe of people inhabiting a section of British North Borneo.

NOTICE OF ELECTION

Notice is hereby given that a General Municipal Election will be held in the City of Sierra Madre, California, on Monday, the 10th day of April, 1922, for the following offices:

3 members of the Board of Trustees, four year term.

2 members of the Board of Trustees, two year term.

There will be one voting precinct for the purpose of holding said election, consisting of the consolidation of the regular election precincts, Sierra Madre City Precinct No. 1, Sierra Madre City Precinct No. 2, Sierra Madre City Precinct No. 3 and Sierra Madre City Precinct No. 4, established for holding the General State and County elections, and the polling place thereof shall be at the City Hall, Room F, Kersting Court, in the City of Sierra Madre, and the Board of Election appointed for such General Municipal Election is as follows:

Inspector: Edgar F. Ballou.

Judges: Leigh Pruden, Sylvia C. Merrill.

Clerks: Minnie E. Kimball, Marion E. Lees.

The polls will be open between the hours of 6 o'clock a. m. and 7 o'clock p. m.

L. DIETZ,
City Clerk of the City of
Sierra Madre.
Dated March 10th, 1922.

The Story of Our States

By JONATHAN BRACE
XLVI.—NEW MEXICO

AS IT IS
name implies, New Mexico's history is closely allied with Old Mexico. It was the

Spanish who were its first explorers, De Vaca visiting this region in 1536 and Coronado four years later. The natives were the Pueblo Indians, although they are sometimes erroneously reputed to have been Aztecs as they were well advanced in the arts and had a comparatively high civilization. These Indians were conquered in 1598 by Juan de Onate and became subject to Spanish rule, being forced to work the mines and pay tribute. Missions were established and Santa Fe was founded about 1605.

Except for a period of ten years when the Indians revolted and maintained their independence, New Mexico remained under Spanish control until in 1821 Mexico gained its independence from Spain and New Mexico became a province of Mexico. Thus it remained until the outbreak of the Mexican war, when in 1846 Colonel Kearny marched from Fort Leavenworth with his troops, occupied Santa Fe and declared this region a part of the United States. By the Treaty with Mexico in 1848, the upper part of the state was formally ceded to the United States and the Territory of Mexico was organized in 1851, which reached from Texas to California.

Arizona was set off from New Mexico in 1863 and a few years later a portion was contributed to Colorado. Application for admission as a state started in 1850, but it was not until 1910 that New Mexico became the forty-seventh state.

New Mexico ranks fourth in size among the states with an area of 122,634 square miles, but is sparsely populated and accordingly has only three electoral votes for President.

(© by McClure Newspaper Syndicate.)

All in the Man.

True contentment depends not on what we have. A tub was large enough for Diogenes, but a world was too small for Alexander.—Boston Transcript.

Noise Must Follow Explosion.

No man has ever made a noiseless engine or a noiseless gun. The one would make work in a mill or forge almost a pleasure, while the other would remove one of the horrors of warfare. Incidentally, of course, the latter would be a great asset to the strategist. Silencers have been invented for engines, but they only reduce noise. They do not kill it, and, though smokeless powder has almost been attained, a noiseless explosion is a thing unheard of. When there is a burst, there is a bang.

HARDING'S IDEAL NEWSPAPER

The ideal newspaper, as seen by President Harding, a newspaper man himself, is the latest contribution to the literature of the profession.

The Seattle Press Club publishes an annual paper called the Camera. For the latest number, the President contributed the following very interesting piece:

"If I were going to prescribe a method of giving a particular town an ideal newspaper, I would begin by providing the kind of town that would know how to co-operate with the makers of that kind of a newspaper. I could not have, for instance, a community of people who pretended they did not like newspaper publicity when they really did like it. I would populate this town with people who would 'know how to talk to newspaper men.' All you newspaper men will know exactly what I mean.

"I would have the people of this model town understand that it is not only possible but usually desirable to have many confidences with the newspaper men and the assurance that the right kind of newspaper men—and this model newspaper would employ only that kind—would always protect confidences.

"I would have the town recognize fully how useful the newspaper was capable of being to it, and I would have the newspaper inspired by a purpose of giving the fullest measure of service to its community.

"I would have an editorial staff courageous enough to differ from the moment's trend of public opinion, or what was made to seem public opinion at the moment; and wise enough to maintain its best judgment to the utmost extent possible in the interest of the community, but without precipitating schism and factionalism."

THE HEART OF THE TREE

What does he plant who plants a tree?
He plants a friend of sun and sky;
He plants the flag of breezes free;
The shaft of beauty towering high;
He plants a home to heaven anigh
For song and mother-croon of bird
In hushed and happy twilight heard—
The treble of heaven's harmony—
These things he plants who plants a tree.

What does he plant who plants a tree?
He plants cool shade and tender rain,
And seed and bud of days to be,
And years that fade and flush again;
He plants the glory of the plain;
He plants the forest's heritage;
The harvest of a coming age;
The joy that unborn eyes shall see—
These things he plants who plants a tree.

What does he plant who plants a tree?
He plants, in sap and leaf and wood,
In love of home and loyalty
And far-cast thought of civic good—
His blessings on the neighborhood
Who in the hollow of His hand
Holds all the growth of all the land—
A nation's growth from sea to sea
Stirs in his heart who plants a tree.

Henry Cuyler Bunner, 1855-1896.

: BY THE WAY :

State highway commission bulletins actually chronicle some road work 10 miles south of Bakersfield. We'll have to amend our complaint that the state can't find any roads in the south important enough for attention, in spite of the fact that this section pays about 40 per cent of the cost for the whole state.

"A man of parts" was formerly an expression intended as complimentary and unusual. With the increase in auto accidents and advances in surgery it may become more common. Might have convenient service stations along highways with parts in stock for quick replacement.

Economy is often a matter of memory. It's easier to remember to economize when one has no cash—unless his credit is good. There's nothing like credit to lull the memory for economy to sleep.

You would be insulted if accused of not being interested in education and citizenship. A test—will you vote at the school election two weeks from today?

WOMAN'S CLUB NEWS

By Press Chairman, Mrs. Emma Palmer Rhodes.

Regular Club Meeting

Members of the Woman's Club and professional and business men of the city, to the number of 110 attended the monthly luncheon of the club on Monday. Through the courtesy of Mrs. Frank Hart, who furnished flowers, the table decorations were of yellow jonquils and purple iris, the club colors. On the stage were graceful sprays of acacia blossoms.

Following the serving of luncheon, the president, Mrs. Milton Steinberger, introduced the luncheon speakers, J. D. Mackerras and F. B. Seeley, each of whom gave a brief but interesting address.

Mr. Mackerras did not confine his remarks to his given subject, "Sanitation," but after outlining proposed plans for bettering the city's sanitation, gave most enlightening peeps into water and lighting negotiations which are pending between the City of Sierra Madre and the owners of the canyon property and also of the Churchill Ranch, which has lately been subdivided. Mr. Mackerras commended the work of the patrol, who each week-end makes a tour of inspection in the Little Santa Anita, with an eye to guarding the water shed and to warning people against the carelessness which results in mountain fires. Mr. Mackerras spoke highly of the splendid efforts of the city health officer, Dr. Jackson and of the nurse, Miss Marcy, in cooperating with the city officials to improve sanitary conditions here.

Mr. Atwood's Talk

Beginning his talk with a clever witicism, Mr. Seeley, in his few minutes on "Current Events," held the close attention of all, while he (quoting Mr. Atwood) thought aloud. Touching gingerly on the question of the government of children, which he conceded lay largely with the mothers, Mr. Seeley spoke of the late war and its resulting condition, of the Conference and its hoped for fruition, and of the marvelous development of hydro-electric power, which he believes will soon supersede all other power generating facilities. He closed his remarks with a fitting tribute to that Great Power, in whom we live and move and have our being.

The speaker of the afternoon session was Harry F. Atwood who gave a stirring address in explanation of the Constitution and the need of safeguarding American ideals. Mr. Atwood sounded warning against the present drift from representative government toward direct action; from individual property rights toward communism, socialism and government ownership; from individual responsibility for individual conduct toward class consciousness, class agitation and class legislation. Mr. Atwood's talk carried with it the conviction that he is earnestly striving to sound a bugle call to the better man in each, by honestly searching out the cause and the remedy of the present condition of chaos and confusion.

Debt Reduced

The singing of America, preceded the business session of the club, an interesting feature of which was a report of the President, Mrs. Steinberger on her recent attendance at the President's council, and including many details of the District Federation, which will be held the 28-29-30 of March, at Santa Monica. The further announcement that \$150 would at once be paid on the club debt, brought a storm of enthusiastic applause.

Adjourning the business session, the President gave the meeting into the hands of Mrs. W. H. Ingraham and Mrs. W. S. Andrews, who were in charge of the birthday celebration. Mrs. Andrews gave a short talk on the birth, growth and present healthful condition of the club and spoke sincerely in appreciation of the effort which has made this condition possible, closing with congratulations and good wishes. After announcing that while only about one third of the

birthday money had come in as yet, there had been received \$46.53, Mrs. W. H. Ingraham, assisted by Mrs. W. E. Walker, cut the birthday cake and served a piece to each guest. The cake was made by Mrs. Ingraham and occupied a stately position on a pedestal all its own. Surrounded by smilax and decorated with 15 yellow candles it was truly a pretty sight, and was an inspiration, especially to those who have assisted in the 15 years of service it betokened.

Dancing Class

Those who attended this class under Mr. and Mrs. George Swarthout, which met for the first time on the evening of March 9, are loud in the approval of the evening's accomplishment and are sparing no effort to build up the class. The next will be held on Thursday evening, March 23, from 8:30 to 10:30.

Monthly Dance

Featuring good music and offering the assurance of a pleasant evening, the Woman's Club announces Friday evening, March 24, as the date of their next dance. These monthly dances are patronized by young and old, local and out-of-town people, and are a most enjoyable feature of Sierra Madre's social activity.

Terrier is Thief's Aid.

A burglar arrested at Hampstead had in his possession a cage of rats. The police said that his method was to open a window, turn in a rat, and then set his terrier after it. If there were wires or other burglar alarms, the animals were fairly certain to get them ringing, in which case the burglar decamped with all speed, leaving his terrier to follow him. If, on the other hand, there was no sound of jangling bells or alarms, he could proceed peacefully with his nefarious business.

Voliva Says the World Is Flat

Wilbur Glenn Voliva, leader of the religious sect with headquarters at Zion City, Ill., says the earth is flat and that shortly he will prove it by taking a ship and sailing around the outer crust of the earth. Voliva proposes to captain a ship called the "Zion" and will start on a point at the sixty-fifth meridian and keep going to the starting point. He says the earth is flat as a pancake and the point we call the North Pole is the center of the earth and there is no South Pole, and that the sixty-fifth meridian is near the rim of the earth. The photograph shows Voliva (seated) explaining the map to his personal attendant in his office at Zion City.

Brass and Bronze.

Old Christmas Customs.

It is generally conceded that some of our Christmas customs are survivals of the earlier Roman Saturnalian festival. Holly, box ivy, laurel and bay adorned the Roman houses at this time. It is true, however, that the Druids kept a winter festival, when the priests sent sprigs of holly to each rude Briton but, partly as a peace offering, partly as a reminder to decorate the home with it and thus encourage sylvan spirits to enter and drive away frosts and winter.

Brass is an alloy of zinc and copper, bronze of tin and copper. Brass consists of about 30 per cent of zinc and the remainder of copper. Bronze consists of copper and tin in various proportions, according to the use to be made of it. For coins or tokens the proportions are 95 per cent copper and 5 per cent tin. A slight addition of other substances, such as phosphorus, zinc, or aluminum, produces other alloys known as phosphor-bronze, bearing metal and aluminum bronze.

News Advertising

is the best business stimulant for any season. The News goes into most of the homes in Sierra Madre, is borrowed by others, and is read by all from start to finish.

News Want Ads

NEWS WANT ADS—It is costing you good money to have that bungalow vacant. There are an average of fifty changes every month in the population of Sierra Madre. The way to come in on these changes and go out with a profit is to use want ads.

FOR SALE—3 hives of bees, and 2 empty hives. H. Lambert, Phone Green 28. *24

MOTORISTS HAVE PITY ON THE RAILROADS

To protect itself from loss by damage to equipment resulting from flagrant carelessness on the part of motorists who run into and break down crossing gates, run into sides of trains, etc., the Southern Pacific Company has adopted the policy of seeking damages from owners of such machines, the Legal Department of the company announces.

During 1921, on the Pacific System of Southern Pacific, 186 motorists ran into sides of trains; 85 crossing gates were broken down, often resulting in injury to crossing flagmen; and 46 skidded into sides of trains.

MICKIE SAYS

"TH' REASON I SMILE ALL TH' TIME IS BECUZ I DONT NEVER DO NO WORRYING! BIZNESS MIGHT BE BETTER 'N IT MIGHT BE A HULL LOT WORSE AN' WERE ON TH' UP-GRADE AGAIN, WICH IS WHY I ALWAYS WEAR A SMILE! YOU TRY ONE!"
